## What is the veil of ignorance reddit

So I am working on a paper on Rawls to discuss the significance of Rawls' Veil of Ignorance. I am arguing that as the Veil of Ignorance guarantees fairness (at least procedural-wise), and since justice = fairness (an assumption to be proved), choices made behind the Veil of Ignorance are just, and from there the 2 Principles of Justice (which are 1. right to basic liberties and 2. the Difference principle) generated therefore equal justice. A Diagram for which would be like the below, which is why I think my argument seems weak. Assumption: Veil of Ignorance --> guarantees fairness. Justice = Fairness. So Veil of Ignorance = Justice. Therefore Two Principles of Justice = Justice. Is there any logical fallacy in my argument? Do you have any strong logical arguments on this topic? edit: this is for a jurisprudence essay, which can be somewhat philosophical. Page 2 13 comments youtube.com/watch?... Hi I am a Lincoln-Douglas debater looking to learn about John Rawls Theory of Justice to affirm the resolution; A just government ought to require employers pay a living wage. Edit: 1. How would someone use the Veil Of Ignorance to determine a conception of Justice? Page 2 Posted by u/[deleted] 7 years ago 11 comments
